INDIANA STRUCTURAL ENGINEERS ASSOCIATION ANNOUNCES 2021 SCHOLARSHIPS

April 1, 2021

The Indiana Structural Engineers Association (ISEA) is proud to announce the winners of its fifth annual scholarship. The 2021 scholarship award recipients are Luke Greenwood (Junior, Rose-Hulman Institute of Technology), Peter Householter (Senior, Rose-Hulman Institute of Technology), and Quinten Prieur (Senior, Trine University).

The ISEA scholarship is awarded to outstanding university students studying Structural Engineering who plan to pursue a professional career in the practice of structural engineering. Up to three juniors or seniors in the field of Structural Engineering are eligible for the award amount of \$2,500. Applicants are evaluated based on criteria including academic performance, experiences in extra-curricular activities, career aspirations, and recommendations. Juniors and seniors attending an ABET accredited civil engineering university in the state of Indiana or graduates of an Indiana high school attending a like university outside the state of Indiana are eligible for participation in the scholarship. Due to support of our loyal sponsors, ISEA is able to offer scholarships to deserving candidates.

ISEA is a non-profit organization for Structural Engineering Professionals which promotes continuing education and engineering excellence for our members and guests. We are a member organization of the National Council of Structural Engineers Associations (NCSEA). Please visit seain.org to learn more about ISEA, our events, and the scholarship program.
